This home has been meticulously cared for and renovated in the past with the beauty and charm of the original Avalon beach house style kept in mind.

An attractive floor plan provides space for a study/library and three good-sized bedrooms plus two bathrooms. The living area is a sanctuary of light and views flowing peacefully out onto the deck and level grassy yard and gardens below, so throw open the double doors and let the sea air float deliciously through your afternoon.

Plenty of off street parking is available including a carport to internal entry and an attached single garage. Beautiful
